| Vector Solutions | SafeColleges Incident Tracking System The SafeColleges Incident Tracking System provides a web-based system to improve the ability to self-report incidents on campus, share data quickly and streamlines reporting and investigation workflows to build a consistent process across your entire campus. The annual subscription provides Students, faculty and staff, who often know what is happening on campus before you do, to report new incidents anytime, anywhere through any web-enabled device. No usernames or passwords are required – reported data flows directly into your system and incidents can be assigned immediately to the appropriate staff member. Data that gets inputted will automatically populate into multiple forms. Email notifications will alert administrators and staff when a report is submitted or needs to be reviewed. Built-in analytics and trend data pinpoint areas on campus that need attention in order to make cost-saving changes across your institution. | | | <i>Price per Administrator/Staff Member</i> | | |
